About me

Albert Chillambo is a fast, agile and technical player. It is an orderly and disciplined Defense, it has excellent vision and reading from then, performs scoring tasks and timely relays, anticipates well and recovers balls cleanly. Albert handles both profiles, executes exits in attack with danger, is strong in man-to-man duels, has very good aerial play and jump ability. Chillambo is well located on the court, has good reaction speed, makes good decisions under pressure and provides safety in its position.
